APPLICATIONS

Mop holder especially designed for floor cleaning either with mops with flaps or with pocket mops
The new "Lock System" joint allows to clean also walls and ceilings very easily.

FEATURES

- Special shaped mop holder in order to make the insert of the mop easier
- To rinse and wring the mop with flaps, just push the red button with your foot: the frame will close to 180° and the mop will be hanging from the mop holder
- Just open the side flaps to release the mop
- Universal screw that allows the use of any kind of handles with diameter from 20 to 24 mm
- Articulated joint for a 360° performance, with Lock system device to block tle lateral movement of the mop holder, guaranteeing a perfect adherence to the surfaces

MATERIAL

Polypropylene and polyamide
